

Web Link Help File:

Customize Parts Results for Each Security Role

Abstract

- This help file will provide instructions for customizing the information that is displayed in the results pages of the site.

Procedure

1. Navigate to "Content Management" and then select "Parts Results Page" from the drop down menu.

This page provides the administrator with the ability to select what information will be displayed on the parts results page and customize it for each role. From the drop down menu select the role to be configured and click the "go" button.

The screenshot shows the Web Link administration interface. At the top left is the Web Link logo. To the right is a search bar with the text "Start your search here". Below the logo is a navigation bar with "Customer# DEFAULT" and "Home > Contact Us". A left sidebar menu is expanded to show "Content Management" options. An arrow points to "Manage Parts Results Page". The main content area displays "Contact Us" information for Web Link Solutions Corporation, including address and contact details.

Customer# DEFAULT **Home > Contact Us**

Content Management

- Start Shopping

- The resulting screen displays all fields currently displayed for the chosen role. Check marked boxes to the left of the field name indicate that the field is active. Unchecking these fields will remove them from view on the results page. Field names that are greyed out are not available for the chosen role. Another set of fields are located to the right of the main table on the Parts Results edit page. These fields allow the user to configure additional price columns that will display on the results pages of the website. Clicking the "save" box at the bottom will save all changes.
