

# Web Link Help File: Vehicle Registration

## Abstract

- This help file will illustrate how users can register a vehicle. Vehicle registration allows for a more expedited shopping experience on the site.

## Procedure

- 1) Sign into the site as a registered user.
- 2) Select "Register a Vehicle" from the Vehicle Management menu. (fig. 1)

fig. 1

- 3) Choose a name for the new vehicle to be registered and then select the application from the available drop down menus including the year, make model and engine type. The VIN, plate number, and state of registration can be chosen as well. If the "Primary Vehicle" check box is selected then the vehicle will be the first vehicle listed in the drop down menu on the Browse Catalog page after logging into the site. Click the "Save" button when finished. (fig. 2)

## Register a Vehicle

Use this page to register a vehicle by specifying the following required details.

**Display Name**

**Year**

**Make**

**Model**

**Sub Model**

**Engine Type**

Plate Number

Chassis Number

**State of Registration**

Primary Vehicle

fig.2

- 4) After the vehicle has been registered the Manage My Registered Vehicles page is loaded which lists all vehicles which have been registered. This page can be accessed at any time by selecting the "Manage My Registered Vehicles" module from within the Vehicle Management menu. Changes can be made to these vehicles by clicking on the "Edit" link. Vehicles can be deleted by clicking on the trash can icon. (fig. 3)

Customer#  Home > Vehicle Management > Manage My Registered Vehicles

### Manage My Registered Vehicles

Use this page to view the list of all the vehicles that you registered. You can also add new vehicles by clicking "Add New Vehicle" link.

Display Name	Model	Make	Plate No.	Chassis Number (VIN)	Edit	Delete
<a href="#">My Truck</a>	F150 PICKUP	FORD TRUCK	123455	VIN#1234		
<a href="#">Truck 1</a>	SILVERADO 1500 PU	CHEVROLET TRUCK				
<a href="#">My 2009 Acura</a>	TSX	ACURA	123456	JH4KB26569C000000
